# We Like ‘Em Short Film Festival

First off thank you to all you filmmakers for taking our minds off of our trouble, well most of you did that, there are a few films that reflect on the pandemic and life in 2020 very wonderfully.

Selecting and preparing for the 2021 WLES was even harder than in 2020. Even though we have been at this for 12 great years, I found it incredibly difficult to finalize and put together the program before, even with the tremendous help for our selection committee, it felt as if I had never done this before.

171 films were submitted from 29 different countries, including Uruguay (a first for us at WLES). Like always the wonderful selection committee had lots to consider and we think that another fantastic selection of films both from regional and international filmmakers are part of this year’s official selection. I couldn’t do it without the help of these dedicated movie loving volunteers.

For 10 years due to the generosity of Teresa and Dan McQuisten the home of WLES has been at the historic Eltrym Theater in downtown Baker City. They are tremendous supporters of the arts and we couldn’t do what we do in Baker City without them. This year again we will be hosting the screenings at Churchill School. Thursday night will again be free to the public in our Drive In parking lot theater, all other screenings will be in our Dancehall.

WLES is funded in part by donations and Baker County Tourism. We are so pleased you came to enjoy one of the many great events Baker County has to offer and now it’s time to enjoy the shorts!

Sincerely,

Brian Vegter  
WLES Festival Director
